

Company Man

What do you do when corporate power tries to silence a voice? You write a Broadway musical!

Synopsis:

Company Man is a satirical, high-energy Broadway musical that transforms corporate America into a hilarious — and heartbreaking — spectacle. It skewers executive egos, boardroom bluster, and the absurd illusion of untouchable power.

At its center is Clara, a sharp, idealistic executive who dares to speak up — only to be crushed by the very system she helped build. As she collides with toxic bosses, backroom betrayals, and a dangerously complicated love story, the absurdity of office politics turns into biting comedy. It's the kind of laughter that stings, because many will recognize the truth it reflects.

Think *How to Succeed in Business Without Really Trying* colliding with *Succession* and *Lés Misérables* — where quarterly earnings reports turn into showstopping numbers, HR nightmares become ensemble anthems, and a meltdown in the boardroom goes viral mid-song.

Style / World:

A boardroom reimagined as a circus. Workers marching like gears in a machine. Executives singing about KPIs and NDAs with jazz hands. Hashtags projected live as egos unravel. The comedy is sharp, musical, and deeply theatrical — laughter that exposes the truth while entertaining the heck out of the audience.

Why Now (Benefits):

- **Timely:** Whistleblowing, workplace accountability, #MeToo, and social media takedowns are today's headlines.
- **Unique:** No other Broadway show has dared to lampoon HR absurdities, executive arrogance, and toxic office politics with this much wit and bite.
- **Comedy with Catharsis:** The satire makes audiences laugh, the story makes them cry, and together it delivers the ultimate release.
- **Social Media Ready:** Hashtags, viral meltdowns, and digital accountability are baked into the show — buzzworthy beyond the stage.
- **Scalable:** Flexible ensemble, minimal set requirements, or blow it out for Broadway spectacle.

Development Status:

Script and musical numbers complete. Ready for readings, workshops, and producer engagement.
